## Parent Awareness

Invite your parents to have an OK Career Guide parent account today. This account will help them see unique career development information about you and the process you will be going through.

To invite a parent, go to the top right corner. Under "Welcome Student Name," you will see your account settings. If you click on account settings you can scroll to the bottom and invite your guardians/parents.

Check out this screen shot!

## Exploration

Now that you have areas of career cluster interests under "Things to Do" you will find Explore Occupations and Explore Majors. Exploring these will allow you to know more about specific careers.

## Preparation

After taking the Career Interest Assessment, look at the left tab navigator. Under "Things to Do," you will find a tab called "Plan for Education."

Plan for Education

Options After High School

Click on "Options after High School," and you will see your own personalized 1,2,4 or more according to your interests. You can see there are many routes you can take to get you into a career of interest. Explore this area.

On-the-Job Training or Apprenticeship

You're driving and selecting your own route so start researching and determining your own 1,2,4 or more!

Preparing for a career is a lifelong process. After you know a little bit about your 1,2,4 or more plans, you can begin other planning, like creating a My Ed Plan. Make sure to select "College Prep/Work Ready" or "Core Curriculum" first. My Ed Plan will help you create a course plan from seventh grade through two years of postsecondary education.
