

Session Three: Student Materials 3E

Creating an Infographic Profile

Instructions

Your infographic profile tells an employer the story about you. To get started, fill in the box 1 organizer below with your personal information. When finished, take your information and display it in an interesting way in box 2 or on a separate sheet of paper. Add arrows or numbers, a graph, or a pie chart to organize and connect the information. Consider adding designs and pictures to make your infographic more visually appealing.

1.

Fill the space with positive words about you.	Create a symbol, logo, or picture that represents you.
