We've had a lot of successes with our students since the board last met!

Our Softball team advanced to the State Finals losing a heartbreaker to Piedmont in the bottom of the 7<sup>th</sup> inning. This was the first time our Softball team has advanced this far in the playoffs.

The GHS Cross Country Teams closed out a highly successful season at the state meet. The girls finished as the state runner up team while the boys finished 5<sup>th</sup>. Both teams improved on their showing from last year.

Our FFA students traveled to Indianapolis for the annual convention. While there, our Livestock Judging Team of Maysen Garrett, Steven Sanders, Ridge Garrett and Kynseth Zubrod claimed the National Championship.

Our football team won their first round playoff game against Lawton MacArthur at the Rock on Friday by a score of 49-21. They now advance to the next round and they will travel to Del City. This will be a matchup of the #2 and #3 ranked teams in the state. The game is scheduled for Friday evening at 7:00 p.m.

Last Friday many of our schools had Veterans Day Assemblies. The High School Band, Choir and Junior ROTC participated in the parade and ceremonies at Honor Park. Today, the High School had an all-school assembly. Dr. Simpson is very proud of how our students and staff show their appreciation to the veterans of our community. #### CAPACITIES TO ACCEPT TRANSFER STUDENTS BY GRADE

The following capacity determinations will be reviewed and approved by the Guthrie Board of Education prior to the first day of January, April, July and October of each school year, published on the district website and reported to the Oklahoma State Department of Education.

For grades PK through grade 6, student capacity is set at 20 students per classroom. These class size limits are set in accordance with 70 O.S. § 18-113.1. The district will multiply those limits times the number of regular classroom teachers employed by the school district at each grade level for each school site. If classroom space is not sufficient to accommodate that number of students due to a classroom being disproportionately sized, the district's capacity numbers will reflect a lesser amount based upon that classroom size.

For grades 7-12, capacity is set based on the total number of students who are enrolled for in-person and virtual instruction. To be able to plan for in-district growth, provide adequate staffing, and ensure that teachers do not exceed class size limits set forth in 70 O.S. § 18-113.3, the current capacity of students per grade level is set at 250 students.
